

Belton Bridge Center Board Minutes

Monday, August 18, 2025

Present: Norman Duttweiler, Sue Brown, Kathy Clark, Alison Mann, Marian Ford

Absent: Penny Salome, Robert Francis

Norman called the meeting to order at 11:15 am.

Minutes: Kathy moved and Norman seconded to approve the Minutes of the July meeting. Passed.

Treasurer's Report: Kathy stated we have \$12,500. In our checking account and \$19,370. in our savings account. Because of the insurance payout on the flooded floor, our insurance has gone up by \$1000. Discussion: This was the first time we made an insurance claim in several years, and the risk that we will have another claim is low. Therefore, the Board approved increasing our deductible to \$5,000 so that we would be paying an annual fee of \$3306, rather than \$5000.

Sectional: The one sectional we will be doing will take place on May 2nd and 3rd and it will be called, Bridge in Bloom.

Operation Manual: We will be putting into the manual the details of maintaining mechanisms at the club as well as the company who has serviced them. Kathy has a record of service providers. Manuals for the mechanisms are located in a drawer in the Men's bathroom. That will be noted also in the manual which Alison hopes to finish by next Board meeting.

Mr. Yee will be our go-to handyman when needed. Norman has his information.

Fall Fundraiser: In place of the Fall sectional, the Board voted to do a fall fundraiser which will take place from October 12-18. The goal will be to collect \$2500. Sue Brown will decorate a shoe box to serve as a money box and there will be publicity to encourage people to donate.

Photos on website: The photo page will remain.

Nominating Committee: Robert and Marian will serve as Board representatives and Marian will ask Mary Zawacki to serve on the committee as well.

Holiday Party: The Holiday Party will be Sunday, December 14th at 11:30am.

Next Board Meeting: October 6th at 11:15am.

Announcements: The El Paso Sectional is September 6 and 7.

Respectfully submitted, Alison Mann
